

American Society of Plant Biologists

Did You Know? ASPB...

PROPELS YOUR CAREER IN PLANT SCIENCE

- Professional development resources
- Career workshops—How to Publish, Peer Reviewing, Writing
- Conviron Scholars program, Plantae Fellows program
- Skills-building webinars

INSPIRES FUTURE SCIENTISTS

- Activities for youth and families
- Resources for K-12 science educators
- 12 Principles of Plant Biology bookmarks
- My Life As a Plant* coloring and activity book

BRINGS PEOPLE TOGETHER

- Plant science meetings all over the world
- Satellite and specialty meetings and workshops
- Annual Pheno conference, Plant Phenomics Network
- Conference support from Meeting & Event Solutions

ELEVATES THE PLANT SCIENCE COMMUNITY

- ASPB Innovation Prize for Agricultural Technology
- Leadership in Science Public Service Award
- Early Career Award
- Excellence in Education Award

PROVIDES FUNDING

- Summer Undergraduate Research Fellowship
- Travel Awards
- Sponsorships and program support
- Plant Biology Learning Objectives, Outreach Materials, & Education Grant

BRINGS NEW RESEARCH TO THE WORLD

- Influential plant science journals—*Plant Physiology* and *The Plant Cell*
- Weekly research roundup
- New sound science, Open Access journal—*Plant Direct*
- Emerging science—specialty meetings on phenomics and synthetic biology
- Plant Biology annual meeting

SUPPORTS EDUCATORS

- Teaching Tools in Plant Biology
- Undergraduate programs and educators
- Vision and Change in Undergraduate Biology Education
- Support for NSF Broader Impacts

ADVOCATES FOR PLANT SCIENCE

- Science policy position statements
- Decadal Vision
- Liaison with the U.S. Congress and executive branch
- Development of advocates for plant science

CO-CREATES THE FUTURE WITH YOU

- Partnerships—Gramene, Conviron
- Science communications resources
- Volunteer opportunities on committees
- Plant Science Research Network
- Global Plant Council
